

Hello:

We are in the final days of preparation for the first summer workshop and I wanted to get a few things in the mail to each of you. Hopefully this note will answer any final questions you have.

Workshop Location:

The workshop will be at Oregon State University in the Kelley Engineering Center. Please enter the building and take either the elevator or stairs to the second floor. The workshop will take place in the NACSE area of the building, in room 2114. There is a campus map included in this package with the Kelley Engineering Center highlighted in yellow.

Housing:

For those of you who requested accommodations during the summer workshop, prepaid reservations have been made at the GEM, located across the street from OSU. The GEM is shown in red ink on the enclosed map. It is also on the campus parking map. Check-in is on Sunday. You should call 541-230-4900 and someone will meet you at the front door and get you checked in. There is a parking lot adjacent to the GEM and you will receive a parking pass valid for you stay here in Corvallis. The workshop is a short walk from the GEM. Information and Guidelines for staying at the GEM are included in the packet.

Commuters:

We have included in this packet a parking pass and a campus parking map for the week of the workshop. It will work at all student and staff parking lots. You should park in lot just north of Kelley (KEC) which is marked in red on the campus parking map.

What to Bring:

Please bring a pencil or pen and a tablet to take notes with. Everything else will be provided.

Please call if you have any questions. We look forward to seeing you on July 23rd.

Rozeanne Steckler (541-737-6603)
